BRIGHT & CLEAN 5000

CONCENTRATED HEAVY-DUTY BUILT LIQUID LAUNDRY DETERGENT

DESCRIPTION:

BRIGHT & CLEAN 5000 is a high performance blend of nonionic surfactants, alkaline builders, emulsifiers, and potassium hydroxide designed to quickly cut through and dissolve tough food stains, grease and protein-based soils.

It replaces liquid detergents and builder/break for simpler and quicker laundry operations.

COLOR: Blue Liquid

DIRECTIONS:

Concentrations will vary according to water hardness, soil load, water temperature, time and machine efficiency.

When using chlorines or color-safe (oxygen) bleach, add to the wash solution 3 to 5 minutes after the wash cycle begins. This product works best through an automatic liquid injection pump system. You, however, may add it directly into a flush dispenser. Recommended for commercial and institutional use only. Not for use in home laundry machines. Never apply undiluted BRIGHT & CLEAN 5000 directly to fabric. Dispense BRIGHT & CLEAN 5000 after fill water has entered the machine.

COMMERCIAL AND INSTITUTIONAL LAUNDRIES:

Heavy Soils: Use 8 to 12 oz. per 100 pounds of dry laundry.

Average Soils: Use 4 to 6 oz. per 100 pounds of dry laundry

The dispense rate will be set by your laundry specialist. Do not use in laundry machines with porcelain-lines or soft metal tubs. Avoid spillage. Can cause slippery floors. Carefully wipe up spills immediately. Do not reuse contains. Rinse thoroughly, then dispose of properly. Store and use product only at room temperature.

PRODUCT FEATURES / CUSTOMER BENEFITS

- Concentrated / Economical use costs
- Caustic detergent / Phosphate-free / Biodegradable
- Low Foaming / Maintains maximum pump efficiency for best cleaning results.
