

FS-PLUS

LIQUID FABRIC SOFTENER & SANITIZER & BACTERIOSTAT

DESCRIPTION:

FS-PLUS is an E.P.A. registered commercial fabric softener / sanitizer. concentrated fabric softener, conditioner for use in the final rinse phase of laundry systems. FS-PLUS provides a premium quality liquid cationic fabric softener that reduces wrinkles, eliminates static electricity and speeds drying time leaving a soft touch-feeling and a fresh smell. FS-PLUS is compatible with neutralizing sour rinses.

E.P.A. Reg. # 1839-108-10742

E.P.A. 34490-CA-01

COLOR: White Liquid

PERFORMANCE:

FS-PLUS provides fabrics with a sanitizing shield and imparts a luxurious softness and fluffiness. Safe for all fabrics, including wools, silks and synthetics, it revitalizes them, and leaves a softness, evident to both sight and touch.

RECOMMENDED USES:

Designed specifically for dispensing units in commercial and institutional laundry operations. This product is safe to use on all cottons, linens and synthetic fabrics.

DIRECTIONS:

Concentrations will vary according to water hardness, soil load, water temperature, time and machine efficiency.

It is a violation of federal law to use this products in a manner inconsistent with it's labeling. This product is a concentrated formula designed for use in commercial laundry operations. When added in the final rinse cycle at the rate of 5 oz. per 100 pounds of dry laundry, this formulation provides fabric with residual self-sanitizing activity and residual bacteriostatic activity against odor-causing Gram positive and Gram negative organisms under conditions of high relative humidity or wet contamination. This product inhibits the growth of organisms which act on urine to produce ammonia in diapers and wet bed linens. it also softens clothes, thereby eliminating chafing and "static cling" from nylons and other synthetic fabrics. The use of this product will also help to provide ironing time. A final pH of 5.5 - 6.5 is recommended for the linen.

PRODUCT FEATURES / CUSTOMER BENEFITS

- Concentrated / Economical use costs
- Non-foaming / Maintains maximum pump efficiency for best cleaning results.
