

RAGE

HEAVY-DUTY FOOD PLANT CLEANER

DESCRIPTION

Highly build formulation that is designed for heavy soil removal, by brush, soaking or spray cleaning of food handling equipment. Particularly suited for use by the food industry, anywhere fatty soils must be emulsified and washed away.

Scientifically balanced heavy-duty alkaline cleaner for high foam applications. It penetrates and strips away heavy grease, cooked on food soil residues. Works specially well in removing baked on carbonaceous soil deposits, from smokehouse walls and floors. Effective soak tank cleaner for stove grates, grill and oven racks and other heavy encrusted equipment.

- COLOR -Dark Brown liquid

DIRECTIONS

For cookers, use 2 to 4 oz. per gallon of water. Heat to boiling with or without agitation until clean. Rinse thoroughly prior to use. Acid rinse if required.

For smokehouse cleaning, use 4 to 6 oz. per gallon, foam entire area to be cleaned. Allow to remain on contact surface for 15 to 20 minutes. Then rinse thoroughly.

CAUTION:

Do not use on soft metals like aluminum, copper, zinc or galvanize. Use all precautionary equipment. Gloves, Glasses, rubber apron & boots. Will damage painted surfaces.

PRODUCT FEATURES / CUSTOMER BENEFITS

- Highly concentrated / Economical use costs
- Built-in wetting power / Fast penetration of incrustated soil
- Foaming agent / clings to vertical surfaces
- Cuts grease and fats / rinses quickly and disposes soils
