

ENZY PLUS GREASE TRAP CLEANER

LIQUID ALL-NATURAL BACTERIA GREASE AND WASTE DIGESTER FOR TRAPS, TANKS AND DRAINS

DESCRIPTION

ENZY PLUS GREASE TRAP CLEANER does not use caustic acids or solvents. It uses naturally occurring live bacteria, scientifically selected for their grease eating properties. They also neutralize odors, especially hydrogen sulfide (rotten egg odor). ENZY PLUS GREASE TRAP CLEANER eliminates odors, speeds the digestion of organic wastes, resolves drain line problems and provides a solution to most waste related problems. The microorganisms act to break the organic materials in the drains into water soluble nutrients materials, the bacteria digest the released nutrients, multiply and produce more enzymes to continue cleaning the entire waste system. It has been our experience that most drain systems have major accumulations of waste matter, and for this reason, we recommend an initial three week program at twice those amounts shown in the directions. Bacteria producing enzymes are best used on a regular basis.

COLOR: White Liquid

DIRECTIONS

GREASE TRAPS

For traps less than 20 cubic feet, add 4-5 oz. of ENZY PLUS GREASE TRAP CLEANER daily.

For traps larger than 20 cubic feet, add 10-12 oz. daily.

Inject ENZY PLUS GREASE TRAP CLEANER in drain line leading to trap at night or when the traps are least used.

LAUNDRY PRESOAK

Add 2-4 oz. per gallon of water and soak fabric for 8-12 hours.

For tough stains, add ENZY PLUS GREASE TRAP CLEANER directly onto stain and then soak fabric for 8-12 hours.

PRODUCT FEATURES / CUSTOMER BENEFITS

- Concentrated / Economical use costs
- Non-caustic / Will not harm aluminum or other soft metals
- Readily biodegradable / Environmentally responsible

No.	Size	Qty./Unit
• 2222	1 Gal.	4/Case
• 2222	5 Gal.	1/Pail
