

LIQUID BREAK DETERGENT 'COMBO'

CONCENTRATED HEAVY-DUTY BUILT LIQUID LAUNDRY DETERGENT

DESCRIPTION

LIQUID BREAK / DETERGENT 'COMBO' is a high performance, highly concentrated blend of nonionic surfactants, alkaline builders, emulsifiers, and potassium hydroxide designed to quickly cut through and dissolve tough food stains, grease and protein-based soils. It replaces liquid detergents and builder/break for simpler and quicker laundry operations.

LIQUID BREAK / DETERGENT 'COMBO' is safe on all washable cottons, linens and synthetic fabrics. Its unique formula also prevents soil redeposition and hard water build up that causes graying. Use it in commercial, industrial, hotel, motel, hospital, and convalescent home laundries.

COLOR: Blue Liquid

pH: 13

DIRECTIONS

Concentrations will vary according to water hardness, soil load, water temperature, time and machine efficiency. When using chlorines or color-safe (oxygen) bleach, add to the wash solution 3 to 5 minutes after the wash cycle begins. This product works best through an automatic liquid injection pump system. You, however, may add it directly into a flush dispenser.

The dispense rate will be set by your laundry specialist. Do not use in laundry machines with porcelain-linings or soft metal tubs. Avoid spillage. Can cause slippery floors. Carefully wipe up spills immediately. Do not reuse containers. Rinse thoroughly, then dispose of properly. Store and use product only at room temperature.

COMMERCIAL AND INSTITUTIONAL LAUNDRIES

Normal Soils: Use 2 to 3 oz. per 50 pounds of dry laundry.

Recommended for commercial and institutional use only.

Not for use in home laundry machines.

Never apply undiluted LIQUID BREAK / DETERGENT 'COMBO' directly to fabric.

Dispense LIQUID BREAK / DETERGENT 'COMBO' after fill water has entered the machine.

PRODUCT FEATURES / CUSTOMER BENEFITS

- Concentrated / Economical use costs
- Caustic detergent / Phosphate-free / Biodegradable
- Low Foaming / Maintains maximum pump efficiency for best cleaning results

No.	Size	Qty./Unit
